The Clay Shed Kiln Firing Service - Terms & Conditions

The Clay Shed will take all care and no responsibility for loss or damage and reserves the right to refuse any items which we feel may cause problems. If you have any concerns, you may choose not to use the service. Firings will only be done when kiln is full. This may mean a delay in getting your ware back on certain firings. We should be able to give you a better idea when you bring your ware in. **If work is needed urgently, the whole kiln space can be hired, i.e. full kiln load price applies.**

To help us protect the kilns and other peoples' work:

- We do not accept wet work. It must be 100% dry when dropping it off for firing.
- You must supply specific details of the clay and/or glazes used or your work cannot be fired.
- We do not fire raw glazed work.
- We will not fire work with glazed bases. The base and 5mm from base must be free from glaze.

Please note: You are responsible for any damage your work causes to The Clay Shed kilns and/or shelves; you are liable for replacement costs.

Your work and your boxes must be clearly named or may not be returned to you.

All work left at The Clay Shed for longer than 3 months will be disposed of.

Additional Terms & Conditions for DIY Kiln Loading:

- You must be at least 18 years of age.
- You agree that you have been instructed by Clay Shed staff regarding the safe and appropriate handling of kiln equipment and that you clearly understand and follow these instructions.

Your signature below indicates that you understand and agree to these Terms & Conditions.
